This application claims foreign priority based on the application 03 002 025.9 filed January 28, 2002 in European Patent Office (EPO). This application is a Request for Continued Examination (RCE) under 37 C.F.R. 1.114 filed on January 27, 2009. The amendment and response has been entered and made of record. Claims 17, 19, 24-30 have been canceled per Applicant's request, and claims 14, 18, 22, 23 have been amended. The claims have been amended to better point out and more distinctly claim subject matter comprising the invention.

The following is an examiner's statement of reasons for allowance: The closest prior art of record fails to disclose or suggest wherein in the step of setting the transmitting power level, the second threshold represents a detection level of radar signals, radar signals having a higher signal level than the detection level are detectable with a first detection rate, and radar signals having a lower signal level than the detection level are detectable with a second detection rate, the first detection rate being higher than the second detection rate, as expressly recited in the claims.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
